

Become a business member of the Friends of DuPont Forest!

The Friends of DuPont Forest invite your business or organization to become a member of FODF.

FODF is a nonprofit membership organization dedicated to enhancing the public's enjoyment of the forest while protecting its natural and historic resources. Donations to FODF are tax deductible.

During the past three years over 90% of FODF's budget has gone directly to forest enhancements, including numerous trail improvement projects, funding for the new Aleen Steinberg Visitor Center and support of the Muddy Sneakers outdoor education program.

DuPont State Recreational Forest is a valuable resource that enhances Transylvania and Henderson counties, attracts visitors and new residents to the area, and supports local economic development.

Membership opportunities: All business memberships include the knowledge that you've contributed to the enjoyment of DuPont State Recreational Forest with over 350,000 visitors in 2013. www.dupontforest.com saw a significant number of visitors in 2013 and received a major overhaul in 2014.
